2. No

NODK, NOREF

HELPSCREEN:

You must NOT change the list/order of people once you proceed. Do NOT change the list/order at a later date or time either.

Make sure you include everyone within the household.

It is strongly recommended that the first person in the list is the person who is going to be your main participant for the household, and is answering the questions themselves in person.

Changes to the list/order of people causes significant issues which are very difficult to reconcile, and can result in lost productives.

HARD CHECK:

If SumScr=2

You have recorded that the list/order of people is incorrect.

Go back to the Name grid on the previous page(s) where you can make the necessary changes.

Once changed, press END.

Make sure you include everyone within the household.

Helpscreen:

If a participant has a query about this question, please read the guidance below and choose the most suitable reply.

If a participant asks you how they should answer e.g. should they give their sex or their gender:

Please say: "If you are considering how to answer, please tell me the sex recorded on your birth certificate or Gender Recognition Certificate."

If a participant asks you how they should answer on behalf of someone else:

Please say: "Where possible we would like you to ask that person how they themselves would answer. If that is not possible then please just tell me the answer you think that they would give here."

If a participant queries why you are asking this question in a survey about travel:

Please say: "Your answer is key to understanding trends in personal travel patterns in the population. It also helps your local community by allowing local and central government to

understand if personal travel patterns differ between females and males and how well both groups are having their needs met by current transport provision and what provision both groups might need in the future.

If a participant asks why we are asking for sex rather than gender, or why a 'non-binary' option has not been provided:

Please say: The question is the same as that used in the Census in England and Wales, and we need to keep some of our questions consistent with the Census due to how we analyse our results. However, if a particular respondent wishes to be referred to using pronouns "they/them" during the interview (rather than "he/him" or "she/her"), then please reassure them that you will use their preferred pronouns when asking the questions – this will only come into play when asking questions about this person **by proxy**, because when they are answering for themselves the questions will be read out in the first person anyway (e.g. Do **you** ride bike?).

SOFT CHECK:

If an individual is reported as having more than one spouse OR more than one civil partner OR more than one cohabiting partner OR combinations of spouse / civil partner / cohabiting partner

"INTERVIEWER: please check the relationships of this person – you have recorded this person as having more than one spouse OR more than one civil partner OR more than one cohabiting partner OR combinations of spouse / civil partner / cohabiting partner."

Helpscreen:

The list is detailed, but interviewers should not probe for relationships that are not volunteered or queried by respondents. The full relationships grid, showing relationship of each household member to all the others, will enable the computation of units within the household, such as family units and benefit units. Coding of such units directly by interviewers is error prone and it is difficult to correct errors later in the office.

Notes

* Includes same-sex couples who are not in a registered civil partnership. Treat relatives of cohabiting couples in the same way as relatives of spouses.

** Treat relatives of Civil Partners in the same way as relatives of spouses.

You may want to introduce this section. A possible introduction is:

"There are a lot of changes taking place in the make-up of households/families and this section is to help find out what these changes are. I'd like you to tell me the relationship of each member of the household to every other member."

The section must be asked for all households consisting of more than one person. Please ask in

every case. You should not make assumptions about any relationship.

Treat relatives of cohabiting members of the household (both opposite and same sex) as though the cohabiting couple were married. That is, the mother of a partner is coded as mother-in-law. Other relatives include cousins, nieces, nephews, aunts and uncles.

You should probe on this question, but be sensitive. It may be that someone described as a 'son' or 'brother' earlier is actually a stepson or half-brother. Where possible, we want to know the true relationship. If you have doubts about any relationship, record as much information as possible to allow changes to coding later if appropriate.

Half brothers/sisters should be coded with step-brothers/sisters.

A house at the end of a terrace must be coded 3 even if there are only three houses in the terrace.

Houses which are joined only by a garage (link-detached) should be coded as detached.

SHOW CARD 5

Do you (or your household) own or rent this accommodation?

1. Own outright
2. Buying it with the help of a mortgage or loan
3. Part own and part rent (shared ownership)
4. Rent it (includes all those who are on Housing Benefit or Local Housing Allowance)
5. Live here rent-free (including rent-free in relative's/friend's property but excluding squatters)
6. Squatting

Helpscreen:

This question is asking for the formal legal tenure of the HRP's household. If, for example, the HRP is a widow living in a house bought by her son (in his name) who is living elsewhere, she should be coded as living rent-free even though she may regard herself as an owner-occupier. Similarly, a household which is paying a contribution to upkeep but not a formal rent should be coded as rent-free. This could arise, for example, if a parent lived in a granny-flat as a separate household but paid a contribution to general expenses

Owners

Only code people as mortgagors if they have a mortgage for buying their home. Some people who have paid off their mortgage and are effectively outright owners make an arrangement with the lender to continue to pay a small amount of 'mortgage' as payment for the lender for keeping the deeds. They should be coded as outright owners.

People who own their home with a lease are counted as owners. It does not matter that they pay ground rent. Similarly people who own their own home under the new Commonhold tenure (see below) are also counted as owners.

Shared owners

Shared ownership means partly owning (or buying with a mortgage) and partly renting the property, so that, if the person moves, they will get some of the proceeds from the sale of the property, according to how much of the original cost has been paid off. Include people who have paid off the mortgage portion. People with shared ownership arrangements are treated as owner-occupiers in the interview. They are not local

authority/housing association tenants even if their arrangement is with a local authority/housing association. Owners who pay a service charge but not rent should be counted as owners, not shared owners.

Rent free

People who live rent free do not always regard themselves as doing so, so particular care is needed in dealing with such cases.

The following types of case have caused problems. The correct coding is in brackets:

- Someone living in a 'granny-flat' owned by her son in his name (private renter living rent-free).
- Someone living in the property of a deceased partner which is held in trust (private renter living rent-free).
- A divorced/separated woman living in the house owned solely by her ex-partner who no longer lives there (rent-free if owned only in partner's name; owner if the house is owned in the name of both partners)

Sometimes respondents think they live rent-free when they do not e.g. people on full housing benefit who do not pay any rent to the landlord themselves because housing benefit is paid directly by the Department for Work and Pensions (DWP) formerly the Department of Social Security.

Tied accommodation

People in tied accommodation should be coded here as renters (code 4) or rent-free (code 5), depending on whether or not they pay any rent. This group includes people whose accommodation goes with their job e.g. Church of England employees, caretakers, army personnel, council tenants whose accommodation goes with their job, some farmers. People in tied accommodation are classified as private renters, irrespective of who they are renting from.

Unusual schemes/arrangements

Co-ownership: this is the joint ownership of residential properties (e.g. blocks of flats) by a group of people who have formed a registered co-ownership society. These schemes started in the 1970s but new legislation was passed in the 1980s so that there should not be any more.

Housing co-operatives: code as renting from a housing association (code 4 here)

Commonhold: a new form of land ownership in England and Wales, created by Part 1 of the Commonhold and Leasehold Reform Act 2002. It combines freehold ownership of a unit in a larger development with membership of a commonhold association that owns and is responsible for the management and upkeep of the common parts of the development. Commonhold is an alternative to long leasehold ownership of flats and other interdependent properties.

Housing Action Trusts: these are set up by local authorities and the properties rented are still owned by local authorities; their tenants are renting from a local authority.

Rents to Mortgages scheme: these are schemes available to council tenants whereby a tenant has the right to buy a share of their home for roughly the same price as the rent. These should be coded as shared owners.

Private Sector Leasing: the Council leases private property for several years and lets it out to tenants. The landlord is the immediate landlord, which is the local authority.

Home Income Plans and Retirement Home Plans: these are where outright owners raise a loan on the security of the house for a regular income. They should be coded as outright owners.

Schemes for Mortgage defaulters: in these cases the property reverts to the lender and a rent is paid instead of a mortgage. Code as renters

Hybrid vehicle is mostly powered by an internal combustion engine and uses electricity to help drive the wheels. The battery is only recharged when the vehicle is in use and cannot be plugged into the mains. The vehicle requires petrol or diesel to fuel the internal combustion engine.

Plug-in hybrid vehicle combines both a battery pack and electric motor with an internal combustion engine. Both the electric motor and the internal combustion engine can drive the wheels. - used continuously, i.e. for private as well as business purposes, by a self-employed respondent who owns the business and uses the vehicle as if owned, although the respondent may state that it is owned by the company

A COMPANY car is any car for which someone in the household pays company vehicle tax. It includes:

HELPSCREEN:

The question concerns when the **main driver first** got the vehicle – usually this will be the person answering the question, but if the question is being asked by proxy (i.e. not the main driver) then they should answer on behalf of the main driver.

If the vehicle was first acquired via a **lease (or similar)** and it was new when the lease started, and the respondent now owns the vehicle outright at the end of the lease, then this should still be considered a "new" vehicle.

If the vehicle was **gifted** to the main driver (for example, by a relative), then we are interested in when the main driver themselves acquired the vehicle as a gift, not when the relative got the vehicle, e.g. it would be a "used" vehicle if the relative was the owner/driver of the vehicle previously before gifting it to the main driver.

By "**owned outright**" we mean that the vehicle is **privately** owned, in full, and not owned by a leasing or finance company. This would include a single household member owning the vehicle on

their own, or joint ownership with a spouse/partner, or even joint ownership with a sibling or other individual that could reside outside the household (e.g. a parent living somewhere else).

By “**loan**” we mean finance from an official lender (not a relative), and we do **not** mean hire purchase or any kind of leasing agreement (if so, select CODE 3 instead). If paying for lease/hire purchase costs using a loan or credit card, please still select CODE 3).

HELPSCREEN:

By “**your own money**” we would include any value obtained from part exchanging another vehicle.

By “**loan**” we mean finance from an official lender (not a relative).

By “**leasing**” we would include leasing through the Motability Scheme or through a personal contract purchase agreement (PCP).

DEFINITIONS:

Motability Scheme: a scheme offered by the Motability charity, enabling those who receive certain mobility-related benefits to lease a vehicle at a reduced rate. In some cases, it is possible to buy the vehicle at the end of the lease agreement.

Personal contract purchase agreement (PCP): typically involves paying a deposit, making regular payments, and having the option to either (a) return the vehicle or (b) purchase it outright at the end of the term using a “balloon payment”.

Hire purchase (HP): typically involves paying a deposit and making regular payments until you own the car outright at the end of the HP agreement.

INTERVIEWER: by "domestic chargepoint" we mean a dedicated vehicle charging unit, either fitted to an external wall of a home or a floor-mounted standalone unit on the grounds of the household's property

INTERVIEWER: this is for charging electric/battery only vehicles or plug-in hybrid vehicles

1. Yes,
2. No

Helpscreen:

By "**domestic chargepoint**" we mean a dedicated vehicle charging unit, either fitted to an external wall of a home or a floor-mounted standalone unit on the grounds of the household's property. These units can provide charge to an electric/plug-in vehicle's battery at a quicker rate than charging via a UK-standard three-pin plug socket (i.e. the plug sockets you would find in your home or garage to power normal household appliances).

(HELP <F9>)

INTERVIEWER: IF RESPONDENT REQUESTS HELP OR CLARIFICATION ABOUT WHAT IS CLASSIFIED AS A "LONG-LASTING CONDITION" OR "ILLNESS", READ THIS TEXT BELOW:

What is and is not covered

As a guide this standard includes physical or mental health conditions:

- lasting or expected to last for 12 months or more
- that a person is likely to have for the rest of their life
- that are likely to need some level of supervision and treatment over a long period of time
- that are not curable, even if medication or treatment can control symptoms
- which flare up intermittently, but the exacerbation has a shorter duration than 12 months (for example, hayfever)
- which may not be perceived as serious and do not affect day-to-day activities but are nevertheless long lasting
- which are managed by treatment and lifestyle adjustments and do not affect day-to-day activities, but are nevertheless long lasting

This standard does **not** capture temporary conditions, however serious they might be.

What this question is designed for

The question is designed to include:

- sensory deficits
- non-temporary mobility problems including dyspraxia and cerebral palsy
- developmental conditions such as Autism Spectrum Disorder (ASD), which includes Asperger's syndrome, and Attention Deficit Hyperactivity Disorder (ADHD)
- conditions associated with learning impairments such as Down's syndrome or dyslexia
- common conditions and illnesses, such as asthma, diabetes, heart and other circulatory conditions, respiratory conditions, digestive conditions, anxiety and depression — if they have lasted or are expected to last 12 months or more
- seasonal conditions such as hay fever which recur and have lasted or are expected to recur in the future

ASK ALL

EdAttn1

I would now like to ask you a few questions about your education and employment.

Do you have any educational qualifications for which you received a certificate?

1. Yes
2. No

Helpscreen:

If the respondent is unsure, then educational qualifications are usually obtained at school, college or university. Respondent need not have the certificate in their possession NOW - just must have received one once.

IF does not have any educational qualifications (EdAttn1 = 2)

EdAttn2

Do you have any professional, vocational or other work-related qualifications for which you received a certificate?

1. Yes
2. No

Helpscreen:

Respondent need not have the certificate in their possession NOW - just must have received one once.

IF has a qualification (EdAttn1 = 1 OR EdAttn2 = 1)

EdAttn4

SHOW CARD 30

Please look at this card and tell me whether you have any of the educational or school qualifications listed. Start at the top of the list and tell me the first one you come to that you have.

1. Higher degree or postgraduate qualifications (e.g. M.A., MSc., M.Ed, Ph.D. etc)
2. First degree level qualification Degree, or degree level equivalent (e.g. BA; BSc,) including foundation degrees, such as PGCE
3. Diploma in higher education; HNC; HND; Nursing or Teaching qualification (excluding PGCE)
4. A level; AS level; NVQ level 3; GNVQ Advanced; or equivalent
5. GCSE grade A* - C / 4 - 9; O level; CSE grade 1; NVQ level 2; GNVQ intermediate; or equivalent
6. GCSE grade D - G / 1 - 3; CSE below grade 1; NVQ level 1; GNVQ Foundation level; or equivalent
7. None of these (SPONTANEOUS ONLY)

Helpscreen:

Do not attempt to give any guidance, or express any opinion of your own about any of the terms used. If respondents say they are unsure what counts as a 'certificate' or 'degree-level' (or any other term), reassure them that we would like them to make their own best judgement of how to answer.

ASK ALL

Wrking

NAME

Did you do any paid work in the 7 days ending Sunday the [date of last Sunday], either as an employee or as self-employed?

1. Yes
2. No

Helpscreen:

Take respondent's definition, but it must be PAID work. PAID WORK means ANY work FOR PAY OR PROFIT done in the reference week, including Saturday jobs, casual work (eg baby-sitting, running a mail order club, etc.) children with a paper round etc, even though they may still be at school, work by 'retired'.

Include self-employed people if they work in their own business, professional practice, or farm for the purpose of earning a profit.

Exclude nurses in training under Project 2000 and other student nurses.

Someone who regards themselves as retired, but sits as a director on board meetings (however few) and is paid for this work, should be classified as in paid work. We do NOT expect the interviewers to probe routinely for this

IF respondent did not do any paid work and aged less than 65 (Wrking = 2 and DVAge<65)

SchemeET

NAME

Were you on a government scheme for employment training?

1. Yes
2. No

IF respondent was not on a government training scheme OR not working and aged more than 64 (SchemeET = 2 or (Wrking=2 and DVAge>=>64))

JbAway

NAME

Did you have a job or business that you were away from?

1. Yes
2. No
3. SPONTANEOUS ONLY - Waiting to take up a new job/business already obtained

Helpscreen:

Only code YES if there is definitely a job to return to.

Take the respondent's definition of whether they are in paid work or not. If they are unsure: a job exists if there is a definite arrangement between an employer and an employee for work on a regular basis, whether work is full or part time.

Long term absence from work, except career breaks: if total absence exceeds 6 months, a

person has a job only if full or partial pay has been received during absence and they expect to return to same employer.

Career breaks - as above except pay not necessary.

Seasonal workers 'between seasons' (ie not currently working) should be coded 2. (Note, the odd week of sick leave during the working season should be treated the same as in other work, and coded 1.

Casual workers - code No even if expect to work for employer again in future.

IF respondent was not away from a job or business OR was waiting to take up a new job (JbAway = 2 OR 3)

OwnBus

NAME

Did you do any unpaid work in that week for any business that you own?

1. Yes
2. No

Helpscreen:

The people we expect to answer Yes here are those whose work contributes directly to a business, farm, or professional practise that they own, but who receive no pay or profits. EXCLUDE unpaid voluntary work done for charity etc.

IF not doing any unpaid work for own business (OwnBus = 2)

RelBus

NAME

...or that a relative owns?...

1. Yes
2. No

Helpscreen:

The people we expect to answer Yes here are those whose work contributes directly to a business, farm, or professional practise OWNED BY A RELATIVE, but who receive no pay or profits (e.g. a wife doing her husband's accounts or helping with family business). EXCLUDE unpaid voluntary work done for charity etc.

IF respondent is not in paid work and not away from job and did not do unpaid work for own business or one that a relative owns and not on government scheme and not waiting to take up a job (Wrking=2 and JbAway=2 and OwnBus=2 and RelBus = 2 and SchemeET=2)

Looked

NAME

Thinking of the 4 weeks ending Sunday the [Date of last Sunday], were you looking for any kind of

paid work or government training scheme at any time in those 4 weeks?

1. Yes
2. No
3. Waiting to take up a new job or business already obtained

Helpscreen:

'Looked for paid work' may cover a wide range of activities and you should NOT try to interpret the phrase for the respondent.

Looking in the paper for vacancies is an active form of search.

Looking for work on government scheme requires an approach to the agency.

IF respondent was looking for a job or waiting to take up a new job or business already obtained (Looked=1 or 3, OR JbAway= 3)

5. 6 months but less than 12 months
6. 12 Months or more

IF respondent was looking for a job or waiting to take up a new job already obtained (Looked=1, or 3 OR JbAway= 3)

StartJ

NAME

If a job or a place on a government scheme had been available in the week ending Sunday the [date of last Sunday], would you have been able to start within 2 weeks?

1. Yes
2. No

IF respondent was not looking for paid work or did not have a job that they were away from (Looked = 2 OR StartJ = 2)

YInAct

NAME

What was the main reason? (that you did not seek any work in the last 4 weeks/would not be able to start in the next 2 weeks?

1. Student
2. Looking after the family/home
3. Temporarily sick or injured
4. Long-term sick or disabled
5. Retired from paid work
6. Other reasons

Helpscreen:

There is no predetermined definition of any of the categories at this question; you should accept the respondent's answer.

Do not prompt the categories. If, exceptionally, an answer covers more than one coding category, ask which is the main reason and code that one only.

Freelancers can be employed or self-employed. If respondent cannot decide which they are, ask if they are invoicing another company for work carried out **and** are responsible for their own tax and NI. If so, then they are self-employed.

Were there...READ OUT

1. ...1 to 24,
2. 25 to 499,
3. or 500 or more employees?

Helpscreen:

We are interested in the size of the local unit of the establishment at which the respondent works but we only want the number of employees working for the **same employer** as the respondent. Thus at sites shared by several organisations we would not include all employees - just those working for the respondent's employer. The 'local unit' is considered to be the geographical location where their job is mainly carried out. Normally this will consist of a single building, part of a building, or at the largest a self-contained group of buildings.

It is the total number of employees at the respondent's workplace that we are interested in, not just the number employed within the particular section or department in which they work.

If a respondent works from a central depot or office (e.g. a service engineer) base, then the answer is the number of people who work at or from the central location. Note that many people who work 'from home' have a base office or depot that they communicate with. It may even be true of some people who work 'at home' (e.g. telecommuter who retains a desk or some minimal presence in an office). If in doubt, accept the respondent's view of whether or not there is a wider establishment outside the home that they belong to for work purposes.

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g. building site), that is their place of work.

IF respondent was/is self-employed (Stat = 2)

-Any partners in a partnership (as they would also be self employed)

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g building site) that is their place of work.

If the informant is unable to decide whether they employ anyone or not then code 1 ('on own/with partner(s) but no employees') should take priority.

We ask about income because it has a strong influence on people's travel patterns - e.g. how far they travel and by what methods. Knowing about the travel patterns of people on different incomes helps the Department for Transport to meet the needs of people on low incomes, for example, by ensuring that enough buses are available in the areas where they live.

This question is designed to remind the respondent of all possible sources of income which are to be included in the next questions. You will not be entering these income sources into CAPI. BRITISH REGISTRATION NUMBERS: The year of registration (and month range in which registration occurred) can be determined from the registration number, as long as it is not a personalised or cherished registration number. Likewise, if the vehicle has had a change of number plate since it was first registered in Great Britain then it may not be possible to determine the year/month of first registration from the number plate details alone.
